### PARTICIPANT DEMOGRAPHICS

- Demographic data on the racial/ethnic groups served are presented in Chart 2. Latino students made up 29% of the students served across all fifteen sites, Chinese students made up 27% of the students served, and African American students made up 17% of the students served.
- The Wellness Programs served more female students than male students (Chart 3).

**Chart 2: Comparison of Student Race/Ethnicity in School and Wellness Program Population**

**Chart 3: Comparison of Student Gender in School and Wellness Program Populations**

Data for Charts 1, 2 and 3 was obtained from the Contract Management System (CMS) managed by the San Francisco Department of Children, Youth and Their Families and School Site Profiles from the San Francisco Unified School District at [www.sfusd.edu](http://www.sfusd.edu). The SFUSD and CMS information reflects data available during the 2010-11 school year. In Chart 1, Medical Services refers to services primarily provided by the School Nurse. Behavioral health counseling refers to clinical counseling services provided by a licensed or license-eligible counselor. General counseling refers to non-clinical counseling provided by non-licensed staff.
